

Karndean International Flooring presents
The Oak Royale Collection

“Karndean has captured the essence of traditional craftsmanship to bring you their latest Oak Royale Collection.” This new collection is an affordable, durable, quiet, low maintenance high quality product. Named after the four seasons, spring, summer, autumn, and winter, the collection captures the unique look of traditional craftsmanship in a vinyl product.

Spring incorporates blond tones and Summer encapsulates soft golden tones, while Autumn has a touch of luxurious warmth and Winter brings depth with chocolaty tones.
